

## FINANCIAL AID: SCHOLARSHIPS

### **Jessing Scholarship Program**

As a supplement to federal and state programs, the Pontifical College Josephinum makes financial aid available from its own resources and development efforts. These scholarships are distributed from various funds honoring specific donors, as noted below. They are available to all full-time students who are accepted as candidates for the priesthood by the Josephinum. Our founder dedicated his life to assisting students in need, particularly as he recalled his own journey to priesthood. For this reason, a significant amount of available funds is reserved for scholarships. In order to qualify for a Jessing scholarship, the FAFSA should be filed and all other avenues of aid must be thoroughly investigated.

Msgr. Jessing also recognized the importance of encouraging academic excellence and leadership skills. As priests are called to teach, to sanctify, and to lead in the Church, the Pontifical College Josephinum actively seeks to challenge, nurture, and develop the personal gifts candidates bring to vocational discernment and priestly formation. The Josephinum encourages gifted students and motivated leaders to put their best gifts at the service of the Church.

### **Second Century of Progress Scholarships**

This program memorializes our founder's mission that no worthy candidate be denied a chance to study for the priesthood because of finances. In 1992, with the celebration of the Josephinum's centennial as a pontifical seminary, a special fund was established to assist students in need. Scholarships are disbursed in accord with the norms of state and federal programs.
